## ***The Week's Prayer Topic***

News is filtering through that there have been severe floods in some Syrian refugee camps on the Turkish border. Please pray for these folk who have been traumatised by the loss of their homes, and maybe family members, and now face further disaster in the places where they have sought refuge.

Even if the media have forgotten about these needy people, let us not cease to lift them up to God, for him to act in their situations and hearts.

***We are grateful to Jenny Young for today's flowers***
